

Our Vision :Throughout our program, teams and classes we will continue to aid and assist children in building skills for life. Not only in the incredible physical aspect of our sport but through high levels of team work, leadership and commitment whilst being coached in a positive and nurturing environment. Every child will be respected as an equal and unique individual alongside their abilities to form an equal, evolving and powerful member of a team.

The Cheer London Allstarz will continue to hold the community at the centre of all we do and will continue to offer high quality training at an affordable price making our sport accessible to all. The Cheer London Allstarz are proud to be a grass roots community cheer program and will continue to drive for equality within our sport.

CLA Schools Program - Our vision for the future

Our aim is to continue to raise female participation in sport by raising awareness within South-East Londons primary and secondary schools alongside delivering within the schools extra curricular program. We aim to bring schools together to form networks and partnerships to support young females in sport and to increase accessibility of female dominated sports.
